

InnoView IDE – Library Documentation

This document outlines the libraries and dependencies used across major features of the InnoView IDE.

Core UI & Design System

Library	Version	Purpose
@chakra-ui/react	^2.10.0	Primary UI framework for layout and components
@chakra-ui/icons	^2.1.1	Standardized icons for UI controls
framer-motion	^11.18.2	UI animations and transitions
lucide-react	^0.447.0	Modern vector icons
react-icons	^5.4.0	Additional icon packs
bootstrap	^5.3.3	Supplementary legacy styling

Code Editor

Library	Version	Purpose
@monaco-editor/react	^4.6.0	React wrapper for Monaco editor
monaco-editor	^0.52.0	Core editor engine

Diagrams & Visual Programming

Library	Version	Purpose
reactflow	^11.10.0	Node-based flow and block diagrams
@reactflow/node-resizer	^2.2.14	Node resize interactions
html-to-image	^1.11.11	Export diagrams to PNG
html2canvas	^1.4.1	Canvas capture utility
react-dnd	^16.0.1	Drag-and-drop system
react-dnd-html5-backend	^16.0.1	HTML5 drag backend
react-rnd	^10.4.13	Resizable draggable components

Simulation & Visuals

Library	Version	Purpose
react-konva	^18.2.10	2D canvas rendering for simulations
axios	^1.7.7	API communication and telemetry

Rule Engine

Library	Version	Purpose
@chakra-ui/react	^2.10.0	Dashboard UI and alerts
Internal Hooks	N/A	Custom rule evaluation logic

Authentication & Security

Library	Version	Purpose
@auth0/auth0-react	^2.2.4	Authentication and sessions
@react-oauth/google	^0.12.2	Google OAuth login
js-cookie	^3.0.5	Cookie-based token handling

Meetings & Collaboration

Library	Version	Purpose
@dytesdk/react-ui-kit	^3.0.8	Video meeting UI
@dytesdk/react-web-core	^3.1.11	Meeting logic

State Management & Persistence

Library	Version	Purpose
@reduxjs/toolkit	^2.11.0	Redux state management
react-redux	^9.2.0	React bindings for Redux
redux-persist	^6.0.0	Persistent application state

Desktop Integration (Electron)

Library	Version	Purpose
electron	^39.2.1	Desktop application shell
@electron/remote	^2.1.2	Main-renderer communication
electron-builder	^26.2.0	Windows packaging and distribution
